Dear Captain Parks:

In accordance with our telephone conversation this afternoon, this is just a note to let you know that the brief account of Senator Nixon's naval service is satisfactory.

We have two small additions. His usual Whittier address should be changed to 15257 Anaconda, Whittier. They now have two daughters: Patricia and Julie Nixon.

THE SECRETARY OF THE NAVY  
WASHINGTON

30 June 1955

Dear Mr. Vice President:

I would like to extend to you on behalf of the Navy and myself personally a cordial invitation to go on active duty for training this summer for a period selected by yourself.

This training could be with a large staff, such as NATO or a fleet or force command or aboard an aircraft carrier, preferably with the staff of the Flag Officers that may be aboard.

The following alternative possibilities are available and suggested subsequent to 22 July 1955:

- |   |   |   |
|---|---|---|
| 1. Six Fleet<br>(Mediterranean)<br>(1 day air travel<br>each way)                           | Carrier<br>Fleet Staff<br>Destroyer     | 24 July - 4 September<br>24 July - 4 September<br>24 July - 4 September |

| 3. Norfolk, Virginia  | Carrier<br>Destroyer<br>Cruiser         | 24 July - 6 August<br>24 July - 6 August<br>24 July - 6 August          |
| 4. Newport, R. I.   | Destroyer                               | 24 July - 6 August  |
| 5. Pensacola, Fla.  | Carrier                                 | 24 July - 6 August  |
| 6. NATO or other<br>Staff<br>(or a combination of ComAirLant and SacLant ashore and afloat) | Ashore                                  | Anytime   |

Weekend Reserve cruises aboard destroyer escorts or APD's out of New Yor, Newport, or Norfolk could be arranged at any time.

I would personally like to recommend that you take a cruise with the Sixth Fleet in the Mediterranean. It would be interesting for you to see the operations of that Fleet and you could select a period of either one or two weeks to suit your convenience.

Also, a special Naval Reserve active duty for training program is scheduled aboard ships of the Sixth Fleet during the 24 July - 4 September period. This would permit you to come in contact with other Reservists in a training capacity and would enhance this special cruise.

Your going on active duty as a Commander for training purposes would give a tremendous lift to every Reservist in the Army, Navy, Air Force, and Marine Corps. It would also be a great morale factor for everyone in the Navy.

Again, I extend you a cordial invitation to make such a cruise.

With warm personal regards.

Respectfully,

/s/ C. S. Thomas

CDR Richard M. Nixon, USNR

My dear Mr. Vice President:

Regulations prescribed by the President for continuously screening units and members of the Ready Reserve require the transfer to the Standby Reserve of members of the Ready Reserve who have fulfilled their Ready Reserve obligations unless they execute a written agreement to remain in the Ready Reserve for a minimum period of one year.

l  
B1

It is the purpose of this letter to afford you the privilege of executing such an agreement if you prefer to remain a member of the Ready Reserve and feel that your commitments will permit you to assume the additional mobilization liabilities of that status. An agreement to remain in the Ready Reserve is enclosed for your convenience should you elect to maintain your present status.

7

Should you choose to remain in the Ready Reserve, administrative commitments make it necessary that this agreement be received by 1 April 1957. If you desire to be placed in the Standby Reserve-Active, you may so signify by merely not returning the agreement, in which case your transfer to the Standby Reserve-Active will automatically take effect on 1 April 1957.

20 FEB 1957

As a member of the Standby Reserve-Active you would be liable for orders to active duty only in time of war or national emergency declared by the Congress after your availability for such duty has been determined by the Director of Selective Service. Under current regulations, members of the Standby Reserve-Active are eligible to participate in a non-pay status in the Naval Reserve Training Program. Members of the Ready Reserve are liable for orders to active duty either in time of war or in time of national emergency declared by Congress or proclaimed by the President and are considered immediately available for mobilization.

I am confident that you will appreciate the advisability and necessity of this action in order to insure that all members of the Ready Reserve will be immediately available for active duty during the initial phases of any future mobilization. The Navy is proudly aware of the patriotic service you have rendered both in times of peace and of war. It notes with gratitude the many contributions you have made and are still making for the good of the nation as well as the service. Your continued interest and support is deeply appreciated.

With great respect and high esteem believe me, Mr. Vice President,

Hon. Charles Halleck M. C.  
From State of Indiana

Dear Mr. Halleck:

A rumor was making the rounds to the effect that Richard M. Nixon, our candidate for President, was in ~~an~~ a "Conscientious objectors" unit in World War No. 2 - that he was not in the armed forces or not on active combat duty. Although the campaign is over, am trying to set the record straight as to that.

Will you please get in touch with the Department of Defense, or forward this letter to that Department and get some first hand information on the subject? If you will, I would greatly appreciate it. I have what is supposed to be a true account of Nixon's War record and it states that he was in the Navy and was on ACTIVE COMBAT DUTY. But it is not an official record - it is just a book on his past life. Since some one has tried to CRUCIFY the character of Richard Nixon, a good man, on this, am determined to get some first hand information on the subject.

There are some who tried in just about every way that they could think of to crucify the character of our candidate ~~is~~ for President, on religious grounds and in just about every way that they could think of, except a fair way. It was about the lowest tactics that I ever heard of in any campaign. I didn't hear of some of it until after the election. Some of it was a whispering campaign apparently carried on only in the last days of the campaign. It was about the lowest that I ever heard of.

So, if you can furnish me with some first hand information as to this, will greatly appreciate it.

Respectfully,

*J. E. Pettus*

In accordance with the procedure for admission to the bar of New York, we have been asked to prepare the required report on Mr. Richard Milhous Nixon, 50, a member of the bar of California.

Thank you in advance for your cooperation.
