Misuse of Freedom Holds Danger for Nation

By I. T. GEN. LEWIS B. HERSHEY
Director, Selective Service System

The birthday of the Stars and Stripes is on June 14th. How old is the flag? How do you measure the age of a flag? History tells us how long ago Betsy Ross sewed together the first flag. Here then is an answer in numbers of years. Numbers are, perhaps, too generally accepted as the only scientific and accurate method of evaluation. But can we measure the age of a flag—a symbol—by years? Certainly, the answer can only be "no."

Perhaps, the first question should have been "Do symbols have age?" There have been flags that no longer exist as

symbols, so we must conclude that flags are not ageless.

Some approach to age of flags and how it is determined can be gained by learning why flags that were no longer are. A simple answer is that what they symbolized no longer exists or that the particular flag has been replaced as the symbol of what still exists.

This leads to the question: "What does a flag symbolize?" This is the kind of question that provokes a discussion rather than an answer. The reasons for this fact are many. Flags may be said to be all alike because they are symbols and all different in what they symbolize. Nations are different from each other and a nation at one period of its history may be greatly different than what it has been or will be. Nations are young, nations grow old, nations disappear. A nation's direction marks its age. When it heads toward decline it is old.

Flags being symbols of nations must be judged as to age by what they symbolize. If the nation is tired with direction lost it is old and its flag is old. What tests can we apply—obviously there are many and varied ones. Let me mention three and take them not from the pages of history, philosophy, or sociology, but from a song of George M. Cohan. "She's the emblem of the land we love" is test number one. Test number two "The home of the free and the brave." Test number three "every heart beats true for the red, white, and blue."

In applying test number one, it is not a question of whether or not the flag is the emblem of this Nation. It is rather a question of whether or not to each of our citizens it is the land he loves. There has probably never been a country universally loved by each of its citizens. Concern today is not only that the under-privileged feels less than love for the Nation but that

many particularly privileged are still unwilling to play the signals as given by the Government and thereby prevent teamwork so essential in a democratic form of government.

There is another practical question each citizen must answer when he decides he cannot love his country. Does he know any other place to which he can go that will provide more than he presently is receiving. If the answer is "no" then it would seem he has no choice as to love of country.

Is our flag the emblem of the "land of the free and the home of the brave? Again, most things are comparative, and freedom is certainly present in our land. There are freedoms not possessed by all, that seems true in most nations. Some of us fear the loss of freedom to the many by excessive demands of freedom for the few, especially if the means are extra legal which, of course, in the end means a loss of freedom to all.

We are passing through a critical period in our evaluation of freedom for the individual in competition with the freedom of the individual, as a member of society at large. The consideration given for the freedoms of the citizen whose actions deprive another citizen of his property, safety, or even his life is likely to result in the loss of freedom by the many to avoid infringing on a freedom already forfeited by another citizen.

Is the flag an emblem of the home of the brave? It may be assumed that George M. Cohan meant bravery in the defense of the land of the free rather than in attempting to embarrass its government or harm its citizens. I have complete faith that American manhood generally will qualify as the brave in the defense of the Nation when its survival is admittedly at issue.

But the tendency to take survival for granted and use the luxury of irresponsible freedoms to undermine our national qualities possess a constant danger. Perhaps a quotation from Sir Winston Churchill, speaking of winning World War II, is applicable. "How the great democracies triumphed and so were able to resume the follies which had so nearly cost them their life."

"Every heart beats true for the red, white, and blue." This test goes to the unity of our citizens. Heartbeats for privileges enjoyed hardly compare with the heartbeats for the flag when it means the meeting of the obligations of our priceless citizenship. It is undoubtedly for the most part the unthinking who continually encourage our possible enemies to believe that we are less united than we really are. But the harm could be no greater if it were caused by viciousness. I have always believed that World Wars I and II might not have come to our Nation had not some of our citizens exercising their claimed right of freedom of expression left false impressions of lack of support for our Government which in fact did not exist to any appreciable degree.

We are witnessing now the apparent division of our citizenry by generally well-meaning people. People would not think of running another signal after the quarterback had called the play. Yet somehow they do claim this luxury as a right when dealing with government, the means by which we survive.

It would be an appropriate salute to the flag on its birthday if we could believe that it was the emblem of the land we love, which land was the home of the brave and the free and that in it every citizen's heart beats true for the red, white and blue.

FOR IMMEDIATE RELEASE

Release No. 110

From the Mexican State of Coahuila which borders on the American State of Texas comes a story of the patriotism of an American-born citizen of Mexican extraction who registered for Selective Service in the United States, returned to his home where he was fatally wounded and then made the dying request that his picture be taken in his coffin so that no one would believe he was hiding to escape training under the American Selective Service Law.

The story was revealed today by the State Department when making public correspondence from G. R. Willson, American Consul, Piedras Negras, Coahuila, Mexico, who wrote concerning the attitude of American-born men of Mexican ancestry who registered in the United States for Selective Service and who went back to their Mexican homes until such time as they might be called for training by local boards of the United States.

One of these registrants was Tomas Godina who, on October 16, crossed the border to register for service as an American citizen. Just eleven days later he was mortally wounded in a fight in Mexico.

On his deathbed he told his mother and sister with whom he lived:

"After I am dead have my picture taken in my coffin so that if I am called to service in the United States and do not come you can show the picture and everyone will know I am not hiding somewhere trying to avoid service in the American Army."

The correspondence was forwarded from the State Department to C. A. Dykstra, director of Selective Service.

'FLAG-DRAPED CASKETS' Youth, 20, Arrested After Draft Protest

A 20-year-old Big Lake youth was being held in Hennepin County Jail under \$10,000 bond today on a charge that he dumped two buckets of human excrement into the files of the Sherburne County draft board at Elk River.

Held is Barry Bondhus, who was arrested by FBI agents Thursday night at his home.

He is one of 12 children of Thomas Bondhus, 43, who operates machine shops at Big Lake, Monticello and Orrock in Sherburne County.

Sidney Abramson, assistant U.S. district attorney, said the youth would be given a hearing today before U.S. Commissioner Bernard Zimper in Minneapolis Federal Court.

The arrest of the youth apparently climaxed a series of difficulties he and his father have had with the draft board.

The elder Bondhus said he has told the board repeatedly that he is opposed to any of his sons serving in the armed forces.

"If you draft Barry I have nothing to look forward to for the next 24 years but flag-draped caskets," he said.

Barry is the second oldest of 10 Bondhus boys.

After a board hearing Feb. 15, the youth was classified I-A and ordered to take a pre-induction physical examination in Minneapolis.

The FBI said the youth refused to co-operate.

Wednesday, the complaint charged, young Bondhus walked into the board's office and dumped the substance into six draft board file cases. His draft board status still is pending.

After Bondhus' 'shit-in,' the draft board moved from the Elk River American Legion building, where it formerly was housed, to a new office in the First National Bank. Professional fumigators have been brought in from Minneapolis to air out the old office, but it is still not in use.

Russian pacifists oppose war

COLONEL GAGARIN, the Russian astronaut, in a speech which was later broadcast, recently attacked young Russian pacifists who, he said, believed there was no need for an army, and that there would be no war.

"These demagogues cannot grasp that fighting is not just a possibility; it is going on now, with weapons in hand. Vietnam is an example", he said.

The admission that there is pacifist agitation in Russia, of such a nature as to demand condemnation by so influential a figure as Yuri Gagarin, is most remarkable.

I will not give a grade lower than C to any young man, even if he supports the war. Today's announcement that college students are about to lose their deferment merely means that I will escalate my grades in step with their escalation of the drafting of students to be butchered thousands of miles away. I will not fail any one of my students merely for below C work. It is not a just punishment. **D** stands for Death."

Ballad of the SS Troop

Soldiers fighting in the East,
Fearless men against the Slavic beast.
Men who fight for Farben and Krupp,
The brave men of the SS Troop.

Double S upon their chest,
These are men—the Führer's best.
One hundred men try to join the group,
But only three make the SS Troop.

Trained to live for the Führer's goals,
Trained in dealing with Jews and Poles.
Men who fight like Jürgen Stroop
Courage take from the SS Troop.

Double S upon their chest,
These are men—the Führer's best.
One hundred men try to join the group,
But only three make the SS Troop.

Back at home a Hausfrau waits,
Her SS-man has met his fate.
He has died in Deutschland's quest
Leaving her his last request:

"Put the double S on my son's chest,
Make him one of the Führer's best.
He'll be the man for an Einsatz group.
Have him join the SS Troop."

NEW YORK MIRROR, SATURDAY, JUNE 20, 1959

GI SPUD SLICER EYES FREEDOM

Skins Out of Potato Peeling Rap

WASHINGTON, June 19 (AP).—Pfc. Andrew God Jr. now stands cleared by a court-martial of a charge that he destroyed government property.

It seems his captain and his mess sergeant felt he was peeling potatoes too thick. God, who is an Arlington, Va., architect when he's not a draftee, convinced the court-martial at Fort Myer, Va., that his potato-peeling methods were as good, if not better, than any.

THE PROSECUTION sought to show that Pfc. God had

"wilfully suffered potatoes of some value, the military property of the United States, to be destroyed by improper peeling."

But God told the court-martial:

"You can't jab a potato with a knife and dig into it. If the knife slips, you've got it in your hand."

The mess sergeant, Holger M. Johnson, gave the court a demonstration of how he said God was whacking away. When Johnson got through

with his demonstration potato, there wasn't much left.

But the defense counsel, Lt. Bruce Segal, proved to the court's satisfaction that the peelings sliced off by the mess sergeant weighed more than God's.

Counsel was able to show this because Capt. Thomas C. Woods, God's commanding officer, had been saving some of the God-sliced peelings for a month. He had a whole pan of them.

- 567 Since practicing psychotherapists in most states do not have to have academic degrees, band together with your friends and set up another friend as one. (This is quite simple—just rent a cheap office and order a ream of stationery. If you have ten friends the whole caper will cost less than \$10 each.) Your newly-created mind expert will give each of you a letter which says that you are insane and must not be drafted.
- 568 Feel love toward everyone and kiss everyone you meet. The Army will think you insane and throw you out faster than you can say Fuck for Peace.
- 569 Accept a foreign title.
- 570 Vote in a foreign election.
- 571 Pull the rope off your neck, shouting: "I only regret that I have but one life!"
- 572 Bite.

- 574 Eat ape shit with a shovel.
- 575 Become a flower.
- 576 Go down on God.
- 577 Ask the advice of your minister, priest, rabbi, imam, guru or shaman.
- 578 When you report for induction, answer all questions with a single nonsense word, such as *gobble*. When they send you to the psychiatrist, vary the rhythm with:
- Gobble gobble
Gobble gobble
Gobble gobble gobble.
- 579 Deliberate yourself.
- 580 Commit an original sin.
- 581 Take a crap in your urine bottle. When they give you another one spit in it. If they give you a third jerk off in it.
- 582 Have a peashooter concealed in your shoes and shoot peas at the various doctors.
- 583 Love yourself above abstractions.
- 584 Start early. When you're 12 years old, enlist simultaneously in the Army and the Navy. (They'll let you out immediately when they find out you're under age.) The next year

- enlist again. Keep this up and you will impress the officials that you are unstable and should not be allowed in no matter how old you are.
- 585 Take good care of yourself. You belong to yourself.
- 586 Walk into the induction center carrying a big portrait of Mao Tse-tung. When asked why, say: "Because I take my orders from *him* and I don't care what you jerks tell me."

- 588 Defect to a country that has no UMT.

- 607 Tattoo the word FUCK on your penis.
- 608 Tattoo FUCK COMMUNISM on your forehead.

- 614 Ask them if you can bugger the VC before you kill 'em.
- 615 Sue ten canning companies on account of "impurities" and foreign objects (feces?) found in cans of food you have bought. Tell Army officials you can't leave court cases now. Ask if Army food is pure anyway and what kind of inspection is done. Question them incessantly and be thrown out on your paranoid ass.
- 616 Ask if this (induction) is a good way to defect to North Viet Nam.
- 617 Wipe out your recruiting officer. (NAPA)
- 618 Show up at the induction center with a friend. Stand in line with your arms around his waist. Kiss and grope him ostentatiously. When asked why you are doing this, explain that you are expressing joy at being allowed to fight and die for your country.
- 619 Send Dean Rusk a bar of soap and order him to wash his mouth out every time he tells a lie.

- 629 Go to Times Square, find a few dozen bugger mates and get a prolapsed rectum.
- 630 Crawl in backwards while sucking off Allen Ginsberg.
- 631 Walk behind (while buggering) Allen Ginsberg chanting peace mantras.

- 646 Read Selective Service reports on draft evasion and study the methods described there.
- 647 Violate the Logan Act by attempting to make a deal with Gov. Wallace of Alabama.
- 648 Tell them you hate Mom, apple pie and the Flag but you love to fart.
- 649 Tell them you will gladly serve if they permit you to donate your pay to the Viet Cong.
- 650 Use all the methods suggested in this book.
- 651 Commit yourself to a mental institution.
- 652 Send Peter Orlovsky in your place. Tell him to act natural.
- 653 Stage an elaborate demonstration outside 39 Whitehall Street, including the following:
- Six pallbearers carrying a coffin on which is painted the words GOVERNMENT ISSUE.
 - A portable tape recorder playing Chopin's Funeral March.
 - Four professional mourners.
 - Ten beautiful girls wailing: "Oh where is my soldier boy now?"
 - A huge lunkhead dressed as a sergeant, plunging his bayonet into a side of beef, yelling: "Kill! Kill!"
 - A vial of artificial scent which gives off the odor of rotting corpses and Vietnamese fish oil.

- 654 Tell them you are a member of the John Birch Society and you have to stay in the United States to fight subversives.
- 655 Demand to be taken first at every station on the induction line and shove everyone else out of his place. Fight back!
- 656 Develop the falling sickness.
- 657 Forget how to talk.
- 658 Tell them they shouldn't pass the Lord and praise the ammunition.
- 659 Have a little flag reading I AIN'T MARCHING ANY MORE up your ass and when the doctor asks you to spread your cheeks start singing it.
- 660 Send in a replica of yourself.
- 661 Bring a Holy Bible and read "Blessed are the peace-makers . . .", etc., over and over; start to sing:

I'm gonna lay down my sword and shield
 Down by the riverside
 Down by the riverside.
 I'm gonna lay down my sword and shield
 Down by the riverside,
 Ain't gonna study war no more.

- For added effect make sure you have a tambourine.
- 662 Say you're a Pink Moslem and saluting an officer is contrary to your religious beliefs. (If you're Negro, say you're a Blue Moslem.)
 - 663 Tell them there is some shit you will not eat.
 - 664 Ask when you get your vacation and pension and if the job is covered by unemployment insurance.
 - 665 Ask: "What if I don't like the job?"
 - 666 Ask: "Can I get job training to be a general?"
 - 667 Don't wear a belt, and hold up your pants with your hand, therefore being unable to fill out forms.
 - 668 Tattoo MAKE LOVE NOT WAR on your dick.
 - 669 Tattoo HAVE A LICK? on your dick.
 - 670 Run into a Catholic church and demand sanctuary.
 - 671 Tell them to go fuck themselves.
 - 672 Tell them to go fuck themselves with a limber dick.

- 673 Eat shit in a dixie cup and wash it down with urine in a pop bottle. Offer your buddy (or the psychiatrist) some.
- 674 Stare into their eyes longer than they can stare into yours.
- 675 Ask them why they got those funny clothes the color of shit on.
- 676 Say the only corps you want to join is the SS.
- 677 Tell them you have a date tonight.
- 678 Tell them you can't serve because you have to suck milk from your mother's breast every morning or she'll be in terrible pain.
- 679 Tell them you can't serve because you have to suck milk from your father's breast every morning or he'll be jealous of your mother.
- 680 Tell them you can't serve because you have to suck milk from your dolphin's breast every evening or they'll cancel your U.S.P.H.S. grant.
- 681 Dance the twist continuously.
- 682 Dance the ballet continuously.
- 683 Corner the market in a commodity that is essential to the war effort. Threaten to sell to Russia unless you are declared 4-F.
- 684 Drink blood from a quart milk bottle while standing on line. Offer some to the next guy (or the nearest sergeant).
- 685 While sitting at the psychiatrist's desk blow your nose with a handkerchief which you take out of your pocket or (if nude) carry on your person, a handkerchief grey with filth: snot, dirt, urine, shit, egg yellow and anything else you happen to have around. If you don't have a handkerchief blow your nose in a kleenex and then eat it.
- 686 Wear a sweatshirt with a big 69 on it and the inscription THE BEST MIDNIGHT SNACK.
- 687 Deposit ten million dollars in your local bank. Then threaten to withdraw it unless the draft board rejects you. (Since the bank president is probably on the draft board the latter can be easily arranged.)
- 688 When the medic sticks a needle into your arm for the blood test, whip out your own needle and jab it into *his* arm. Tell him it's no fair unless you get some too. Offer to trade piss with him also.

Free Flags Full Size

Washington, June 8 News Bureau)—The House Veterans Affairs Committee today moved to reverse the Veterans Administration's 1963 reduction in the size of American flags provided free for funerals of deceased servicemen. The committee voted in favor of full-size 5-by 9½-foot flags, which cost 40 cents more, instead of the 4½-by-7-foot flags

Many Draftees Decline To Fight the Strike

Since the city's transit strike began, about one-third of the 175 men ordered to report daily for induction into the Armed Services have apparently decided they were not essential and have stayed home.

Col. Paul Akst, director of the city's Selective Service System, said last night that of the 500 to 600 men expected each day for pre-induction physical examinations, only about one-third had reported.

The induction dates for the tardy men, he said, would be set forward and they would not be penalized.

- 689 Decline the nomination.
- 690 Tell them you like girls, not men.
- 691 Tell them: No, thanks.
- 692 Play a musical instrument after 6:00 PM on Monday in Washington Square Park, get arrested and have a criminal record. Do this again and again . . . harder.
- 693 Ask the sergeant if he has any papers, because you want to roll a joint.
- 694 Ask the shrink if he got any pills cause you fresh out.
- 695 Demand to make your one phone call and to see a lawyer.
- 696 Have your mother come with you and sing "I Didn't Raise My Boy to Be a Soldier" and offer herself instead. (She should rehearse crying at home.)
- 697 Set up a private espionage organization and offer to sell your services to the highest bidder. Solicit bids from all the Communist countries. If the FBI bothers you, respond with a ten-minute harangue on the superiority of the capitalist system, where all goods and services are sold for the highest price. Accuse the FBI agent of being a fuzzy-minded pinko.
- 698 Be buried in Lenin's tomb.
- 699 Be buried in Stalin's tomb.
- 700 Develop the power to cloud men's minds. Then cloud the minds of the draft board.
- 701 Admit you screw niggers.

- 702 Find out who's on your draft board and call up their mothers: "Why is your son bothering me?" Or better still have your mother call up their mothers.
- 703 Say you are an orthodox Jew and will not fight on Saturday.
- 704 Tell them they may be hanging Danny Deever but they're not going to hang you.
- 705 Become a male prostitute and work up an arrest record. Do it now!
- 706 Become an outriding Mormon: marry five girls and have five dependents, ergo no draft. Or
- 707 Have kids by five women without getting married. Do it now!
- 708 Show up at the induction center wearing a white smock. Tell them you are a proctologist and you have been sent by Washington to inspect the assholes of all the supervisory personnel. Explain that there is a dangerous Communist spy loose and you have to find out who he is getting into.
- If you are discovered, admit that you are an impostor but ask them whether they will let you look anyway, as a personal favor.
- 709 If you are asked to fill out papers, break every pencil or pen you are given.
- 710 When they give you the list of subversive organizations and ask you to check the ones you belong to, write at the bottom (or across the list if that's the only space) that since you're an anarchist you don't believe in organizations.
- 711 Or, check off thirteen Communist organizations even though you're not a member of any of them. (If your membership is not later confirmed say that you used aliases when joining and you've forgotten the names you used.)
- 712 If, however, you have been a member of one or two organizations, check off as many more as you need to make thirteen and write **FUCK CAPITALISM** in big letters across the sheet.
- 713 Alternatively, check off six fascist organizations and seven Communist organizations and write **FUCK CAPITALISM**

AND FUCK COMMUNISM across the sheet in large letters. When asked about the contradiction reply in outrage: "Fuck you this is a free country ain't it? I'll join any fucken organization I want!"

- 714 Or, check off thirteen different Communist nationality organizations such as Ukrainian Workers Society, Hungarian Peasants Club, North Yugoslav Peoples Association, Chinese-American Bund, etc. When questioned about this, hint strongly that you are one of the nationalities experts for a government agency such as the FBI or CIA and they wouldn't really appreciate your being drafted and so the Selective Service officials should check with Washington before making asses of themselves.
- 715 Write out a letter saying that you are unfit for military service by reason of insanity, and forge the signature of a distant member of the American Psychiatric Association. (Use their directory.) Making up a letterhead is easy and exciting.
- 716 Knock at least one thing off every desk you pass.
- 717 Walk in on your hands, letting your shirt fall over your head and displaying your Frederick's panties which have no crotch.
- 718 Dye your head hair white, your eyebrows and underarms blue, and your pubic hair flaming red.
- 719 Take a mild overdose (be careful) of laxative the right time before and shit your pants while on line (if nude, do it on the floor). Explain that you always get diarrhea when you're nervous.
- 720 Carry a pepper shaker with you. On the examination line bite your nails "furtively" and then slap the offending hand loudly and pour pepper on the finger you just suck-bit.
- 721 Sing Army songs very very loudly and continuously from the moment you arrive. If asked to stop, start singing Navy songs, Marine songs, or the Internationale.
- 722 Or, sing radical songs very very loudly from the moment you arrive. Bring a Wobbly songbook and try to teach the songs to your fellow pre-inductees. When asked to stop, belt out "God Bless America" at the top of your lungs. Don't let them stop you until they put plaster tape

- over your mouth (or shoot you with a tranquilizer)—and then sue them for assault.
- 723 When you are tested with the eye chart, read fast (but in a broken rhythm) F-U-C-K Y-O-U S-I-R. If asked to cut the comedy and do it correctly, read F-U-C-K Y-O-U A-G-A-I-N S-I-R.
- 724 Bring a gun and a target and at an appropriate moment (say the eye exam) lean the target against a wall and start shooting at it, screaming: “Kill the Commies! Kill the fucken Commies!”
- 725 Carry around a handkerchief in your hand. When asked to offer your hand for fingerprints, refuse, saying that you don’t want to get syphilis germs on it. When they tell you there are no syphilis germs on the ink pad, reply: “I know better,” and wipe your hands with the handkerchief again. Blow on your fingers and shake out the handkerchief (as you would shake out a rug), then wipe your hands with the handkerchief again and stare off sideways into space.
- 726 When asked to give a urine specimen refuse to do it “in front of all these men.” If given a private stall, say: “I still can’t do it because of all these men on this floor—all around me.”

FIG. 118.—Blanket-bag and Equipment Used in the United States Army.

727 Adapt all these suggestions to the *particular* situation you find yourself in. Improvise!

Bruno Bettelheim said he survived the Nazi concentration camps in this way: he had no stereotyped idea of “a Nazi” and thus was businesslike or emotional, appealed to compulsiveness or gentleness or what have you, depending on the official and the situation.

Do not assume the official before you knows what’s going on in your mind. He may or may not; many times he doesn’t. But in any case, do not betray your hand or telegraph your moves by “guilt” feelings.

728 Say you won’t serve except as a general and ask to see where in the draft law it says that you can’t be inducted as a general. If they show you the law say it’s fucking undemocratic and you don’t want to serve in an undemocratic army and then start singing:

Kuma echa sov-va-sov
Ain pa necha shov-va-shov
Ain ken rosh v’ain ken sov*
La la la la

and dance the horah at the same time.

729 Come dressed in a Red Army uniform.

730 Come dressed in an SS uniform.

731 Come dressed in a Chinese peasant’s blue denim uniform and wear a button reading I SUPPORT THE NATIONAL LIBERATION FRONT.

732 As you look for something in your wallet in front of the psychiatrist (i. e. a note from your mother which says you are nuts) let a small cloth (homemade is excellent) swastika fall out of your wallet onto the floor. Pick it up fast and jam it back into the wallet. When the psychiatrist asks you What was that? say in a low but determined voice: “I’d rather not talk about it.”

733 Carry a submachine gun in your traveling bag. When asked to leave the bag behind, zip it open and shoot out all the lights, laughing hysterically: “Fuck them Commie rats! Fuck them Commie rats!”

* No one is first,
No one is last.

6 Civilians Killed, At Times, for 1 Red, Zablocki Declares

WASHINGTON, March 16 (AP)—Six civilians died for every Vietcong killed in some recent search-and-destroy missions in South Viet Nam, Representative Clement J. Zablocki, Democrat of Wisconsin, said today.

Mr. Zablocki, who visited Viet Nam last month, said an overall ratio of two civilians for one Vietcong apparently is the result of the war so far. He called the rate "excessive" and

FIG. 183.—Horizontal Section of Smith Camp Crematory above the Excreta Plates.

- 734 Bring copies of the Declaration of Conscience, which says (paraphrased): "I refuse to join the Armed Forces and/or to fight in Viet Nam," and circulate them among your fellow draftees and try to get them to sign the statement.
- 735 Bring a defused hand grenade with you and toss it on the floor in front of the highest ranking soldier you can find. Run like hell the other way, shouting: "Die, imperialist dog!" When captured, have on you a *live* hand grenade and let them know this one *is* live.
- 736 Distribute free copies of *Challenge* (Progressive Labor Movement party newspaper) to your fellow pre-inductees. If anyone complains, say: "It's a democracy, isn't it?"
- 737 Alternatively, try to sell it to them for 10¢ and when refused, reply: "Oh, you're too cheap to spend a dime to find out the truth!"
- 738 Bring a water pistol with you and spray all the Army personnel you meet as soon as they turn their backs. When they take the pistol away from you (after a lecture) listen intently and abashedly and say you're sorry. As soon as the lecturer (or officer) leaves you, pull out another water pistol from your pocket and shoot him in the back, laughing hysterically.
- 739 Start your own Selective Service and induct *them* into SNCC.

Harold E. Zimmer
HAROLD E. ZIMMER
Chief, Real Property Division
Utilization and Disposal Service

- 740 Make a speech at the induction center denouncing war, the Army and the killing in Viet Nam. When asked to stop, yell that you thought this was a free country and scream (as you are being carried away): "I'm not going to die for any fucking fascist dictatorship!"
- 741 Look very meek. Bring along a black rosary and cast your beads in a corner. When asked if anything is the matter, burst out crying and sob: "I'm not going to die, am I? I'm not going to get killed, am I? I'm not, am I? I'm not, am I? Oh oh oh oh!"
- 742 Fast for three weeks before induction and tell the doctor: "I just don't feel like eating." (Anorexia nervosa.)
- 743 As you take your wallet out, looking for some paper with necessary information on it (such as the card from the psychiatric clinic you have luckily registered with), bring out and let fall from your pocket a loosely-stoppered vial of barbiturates (or amphetamines, or amphetamines and barbiturates, or codeine, or any available morphine-like compounds, or any combination of the above), making sure that they spill and scatter widely (better remove the stopper while your hand is still in your pocket). Gather them up fast and nervously (in an obviously guilty manner), bumping your head on the desk if possible, and mumble: "These are my medicine."
- 744 If it's cold out, wear only the thinnest summer shirt and shorts and Japanese rubber sandals (pray for snow). If it's hot out, wear two pairs of socks and underwear, two shirts, two pairs of pants and a heavy (torn) winter overcoat. Undress but refuse to check your clothes, saying you don't trust the Army, and insist that you *want* to carry your clothes around with you and that you really don't mind doing it. If they try to gently take your clothes away, resist violently. When they bring you to the psychiatrist, hold all the clothes on your lap and up to your jaw. Suck on your blue woolen shirt while answering the psychiatrist's questions.
- 745 When they ask you to enumerate your children, put down the names of ten (if you're under 21) or seventeen (if you're over 21). Also put down four different mothers (none of whom you are married to) in four different

don't have the kind of dough you heard he usually asks for. Tell him he should read Mike Gold's *Jews Without Money* and find out for himself what it is really like to be a Jew in America. Declare that you are reporting him to the FBI, the CIA, and the FEPC, and also sending a copy of this letter to the President. End your remarks with an unkind Yiddish expression, such as "*Zeit mir moichel—ver geharget,*" * scrawled in large letters at the bottom.

- 750 Bring a shopping bag full of food with you to the induction center and carry it around and eat continually even when naked. If an attempt is made to take the food away, start muttering: "What if I get hungry? . . . What if I get hungry?" If they persist, clutch the bag tightly to your body. If the bag should fortunately break while you are struggling, immediately gather up as much of the food as you can and try to stuff it into your pockets (or, if you are naked, clutch it to you).

When you are taken to the psychiatrist, disregard his first question, smile, and say (holding it in your outstretched hand with melting chocolate on your fingers): "Would you like a piece of halvah?"

- 751 Bring a lunchbox with you and try to take it with you on the examination line. When told to leave it with your clothing, agree. The lunch should consist of two slices of bread and a huge slab of rotting fish. For dessert, include a dixie cup with something in it that looks like ice cream but is actually shit and water. Make sure that some of the shit is smeared on the outside of the lunchbox. When they ask you about it, become very upset and yell: "Gimme back my lunch! Gimme back my lunch!" If they give it back to you, be prepared to eat a smidgen or two of shit, belch a few times, close the lunchbox and look contented. When they take you to the psychiatrist, tell him: "Oh well, you can't argue about taste."

(Or you can say: "This is a free country and it's none of your damn business what I eat.")

- 752 Notify your draft board every day (or even every hour) of your changed physical condition, which you are re-

* Do me a favor—drop dead.

FIG. 193. — Type IX : Main de mécanicien.

quired to do according to the statement on the back of your draft card. When appealing your classification, demand to see all the notifications you have sent.

- 753 Fart continually, like those who are truly great. (Some carminatives are listed under “Flatulence” in the *Physician’s Desk Reference*, which is available from Medical Economics, Oradell, N.J., and may be consulted free of charge at the New York Academy of Medicine Library.) If you think farting is vulgar, belch continually, like those who have truly ate.
- 754 If you ever had a disease, make sure you have it again on induction day.
- 755 Search in the *Merck Manual* (which may be purchased from Merck & Co., Rahway, N. J.) for a disease that appeals to you, then get a genuine simulated disease. Do not be too ambitious or exotic (don’t try for the rarest diseases)—but on the other hand, do not assume that doctors know everything. They often know nothing about the cause of your disease, but will hardly ever admit that to *you*. Headaches, backaches, and so forth, can have an infinity of possible causes.

Purchase a copy of *French’s Index of Diagnosis* (published by Williams & Wilkins). (All these medical reference works may also be obtained from George Eliot, 1305 Second Ave., New York City.)

NB: Medical books are *not* so difficult to read, in spite of what doctors may tell you. Physicians delight in an obscurantist jargon, mostly for the same reasons any trade does; therefore you will need a *good* medical dictionary, such as Dorland’s Unabridged. You will find that *pyrexia* means “fever,” *epistaxis* means “nosebleed,” *tachycardia* means “fast heartbeat,” and *catamenia* means “menstrual

- period,” etc. Study hard in order to arrive at the (confusing?) complex of symptoms you most desire, or the syndrome most suitable to your condition in life.
- 756 Be rare like Alexis St. Martin, who had a hole in his stomach, and be too valuable to the medical profession to be destroyed. Suggestions:
1. Ford sedan up your ass.
 2. Five balls.
 3. Perfect hermaphrodite.
 4. No head.
 5. Etc.
- 757 Tell the psychiatrist in a gloomy tone that you are impotent and were considering committing yourself to a mental hospital or castrating yourself or ending your life, but now you are glad that the Army will do it for you. When he asks: “Do what?” say with a cackle: “Kill me!” and burst into hysterical laughter. Don’t forget to express disappointment when you are told to leave the induction center. Make a fast recovery at the free clinic (if you are sent there) and then write an article for *Peace News* entitled: “I Was an Impotent for the CNVA.”
- 758 Develop a stutter as you answer the psychiatrist’s questions. If he asks you when you started to talk this way, reply: “Oh, I always do it when I’m under stress, but it’s n . . . o . . . t . . . h . . . i . . . n . . . g (take five minutes to say “nothing”). If he asks you how it is that you have no past record of stuttering, say that you were ashamed of it and that in the rare instances where it did occur you convinced the school and job officials not to put it on your record. Tell him: “They were very n . . . i . . . c . . . e (take five minutes to say “nice”).
- Try practicing your stutter from the first day you register for the draft. Imagine the tense situation and then you won’t even be lying.
- 759 Carry a large red and black flag into the induction center, along with a portable tape recorder which is playing the Anarchist version of the Internationale. Be accompanied by a group of comrades who are shouting: “Fuck the Army!” Then start to sing:

Onward Christian soldiers,
Onward as to war.
Kill your Christian brothers
As you've done before.

and various raucous anti-war songs, including "Kill for Peace." When the flag is taken away from you, peel off your red and black underwear and reveal a similar flag tattooed on your chest. Have small red and black pencils concealed in your beard, which is dyed red on one side and black on the other. Fill in the even-numbered words on the questionnaire with the red pencil and the odd-numbered ones with the black pencil.

- 760 When asked: "Do you want to join the Army?" reply softly: "I've been waiting for a long time for a chance to shoot a motherfucken general." When sent home, mumble: "I knew you was yellow bastids all duh time anyway."
- 761 Learn Russian and speak only Russian. When an interpreter is called, give him only your name, rank, and serial number.
- 762 Learn Albanian and do likewise.
- 763 Learn Vietnamese and do likewise.
- 764 When you are in the induction center offer \$50 to any inductee who will refuse to sign the loyalty oath. Speak in a loud voice and wave a \$50 bill around for emphasis.
- 765 Offer \$100 in Chinese coins to any sergeant who will spit on the Flag and say: "Fuck the imperialist United States" three times. If the sergeant takes you up on it, wait until he is finished and then say that you can't pay him after all because that would be corrupting him.
- 766 If you are ever photographed, expose your cock. If you have to be photographed again, promise to behave and then turn around and expose your ass.
- 767 Refuse to have your photograph taken. When asked why, say: "I don't want you to steal my soul."
- 768 Refuse to be fingerprinted; when asked why, say: "I don't want to get syphilis from all those dirty guys—who knows where they had their hands?" When you are taken to the psychiatrist, wipe the chair very carefully with a dirty snot-encrusted handkerchief, then sit down very gingerly.

Stick your hands in your pockets, which have large holes, and start playing fairly obviously with your balls. When the psychiatrist asks you what you're doing, say firmly: "I'm covering my balls to protect them from that X-ray machine," and nod at any object on the psychiatrist's desk which is not larger than 4 square inches. If reasoned with, say you know the Army has all kinds of new secret weapons. Snicker, and look around nervously. Never take your hands off your balls while in that room. If sent to a clinic or hospital, lose your symptoms immediately. When questioned, reply: "Only the Army has those secret machines—I've never found them anywhere else. The syphilis germs on men's fingers? When I screw my girl I've got no time to think about men," and laugh heartily.

769 Offer to sell the first official you meet your share of the country.

770 Keep muttering (interspersed with your other routine answers) "Fuck Johnson, Fuck Johnson, Fuck Johnson." When asked what you are saying, shout it as loud as you can. If moved on to next processor, repeat the phrase over and over. If moved still closer to the swearing-in point, convince your fellow inductees-to-be to repeat in unison with you, louder and louder and louder: **FUCK JOHNSON, FUCK JOHNSON, FUCK JOHNSON!**

771 As above, but substitute **JOHNSON LOVES NIGGERS.**

772 As above, but substitute **FUCK GOD UP THE ASSHOLE.**

773 As above, but substitute **I WANT TO GET LAID.**

774 As above, but substitute **GOD REST YE MERRY GENTLEMEN** (not the song, just the title). You may substitute "fuck" for "rest" at your discretion.

775 Keep singing:

I didn't raise my boy to be a soldier,
I raised him up to be my pride and joy.
Who dares to put a musket on his shoulder
To kill another mother's darling boy?

louder and louder. Laugh first and then start crying.
Refuse to shut up.

- 776 As above, but bring your mother and have her sing it as close to you as possible.
- 777 As above, but both of you sing it as a duet.
- 778 Put on a white sailor's cap and sing "Anchors Aweigh" at the top of your voice; beam it only at Army personnel. Intersperse the song with: "Hey bohunk—the Army stinks." Do another stanza, then: "The Army was OK but it's got too many niggers and Polacks in it now," etc. Try to direct each racial slur to the Army personnel it will most offend.
- 779 Sing the following version of the Marines' Hymn:

From the balls of Montezuma
To the whores of Tripoli
We fight for cunt in battles
In the air, on land, and sea.

First to fight for boobs and pussy
And we keep our penes clean.
We are proud to claim the title
Of Whore-Fucking States Marines.

Figure 12.--Smash-Delivery.

- 780 Tell them very seriously that you will start in only at a colonel's rank and salary. They will answer: "You must be joking!" but repeat yourself quite calmly, saying that this is what you're worth and you won't be associating with shits at any chickenshit salary. Reply to their arguments in a very cool and logical manner. When they begin to get angry, react at exactly their level of emotion. But if they are sarcastic, you remain serious. Keep the tension going and repeat the entire argument logically to everyone you meet, letting your emotions rise with theirs. Create disturbance wherever you go.
- 781 Bring toy soldiers with you and play with them (by yourself). Talk very very slowly and softly to everyone and look away while speaking. When the psychiatrist suggests that maybe you should go home, burst into tears, throw your toy soldiers down, and run out weeping.
- 782 Be so ugly you fail even Army standards.
- 783 Be a German rocket expert.
- 784 Be a Russian rocket expert.
- 785 Tell them you will not turn your back on Alger Hiss.
- 786 Sing this song:
- Asshole, asshole, a soldier I will be
Fuck you, fuck you, for curiosity,
With piss, with piss, with pistols on my knee
To fight for cunt, to fight for cunt, to fight for
cunterie.
- 787 Refuse to cooperate in any way. If they tell you to stand, sit down. If they tell you to shut up, keep on yelling. If they vow they'll make a man out of you, kiss the sergeant.
- 788 Almost invariably the psychiatrists who are to examine you will also be engaged in private practice. Get their names from the induction center and call them twenty-five times a day. Explain how desperate you are and promise to stop annoying them if they will promise to declare you 4-F. If they fail to keep their part of the bargain, complain to the American Psychiatric Association that they have violated professional ethics. This will put a blot on their records and make them think twice before breaking another promise.

789 Tell them that you have made a pact with the Devil: in return for eternal youth you have promised to sacrifice a chicken every night at the United Hebrew Cemetery in Staten Island. You were a fool, but you agreed that if you should fail to observe this ritual for just one night the universe would be extinguished.

Obviously, if you are drafted and sent to Viet Nam you will not be able to perform the sacrifices at the proper location.

Appeal to their sense of guilt and ask whether they would like to be responsible for extinguishing the universe.

790 Tell them the above, but ask to be provided with free legal counsel to investigate whether there is any chance of abrogating your contract without jeopardizing the safety of the universe.

Propose that in case you should have to give back your eternal youth the Government should compensate you with fifty million dollars.

791 Be born again.

792 Offer the psychiatrist a stick of DMT disguised as a cigarette.

793 Talk turkey. In other words, say gobble gobble gobble gobble gobble gobble gobble.

794 Get your name on all kinds of left-wing mailing lists.

795 Join many subversive organizations. Be sure to use your right name.

796 Join the American Nazi Party. Use your right name.

797 Sign many anti-war petitions.

798 Write a threatening letter to General Westmoreland or any other general of your choice. (This may have complications. At any rate, we are advocating the letter only and are opposed to any actual violence.)

799 Get a stroke.

800 Become Postmaster-General and deliver everyone else's draft notices.

801 Become a (censored).

802 Send your Congressman a copy of this pamphlet. Ask him how the Army can possibly be putting out such trash. If he replies that the pamphlet is obviously not an Army publication tell him that McCarthy tried to investigate

Communist subversion in the Army but was murdered by the Invisible Government and we lost the Korean War and we're losing the Viet Nam War because the Army is run by the commies and fairies.

803 Never go out of the house.

804 Demand the right to counsel at all stages.

805 You have the right to refuse lie detector examination. However, you may wish to learn to beat the machine instead. It does *not* measure lies, but only your guilt responses and anxiety, which are correlated with breathing, sweating, and pulse rates. Think truth! Brainwash the machine. Practice lying on your own machine and then demand that the Army test you. This can and has been done. Vive modern technology!

806 In certain types of investigations (i.e., where you are a suspected "subversive" or malingerer), you may be asked to submit to a lie detector test. You are under no obligation to do so, but perhaps you should, due to your native curiosity about the process, and also out of a desire to FTA.

The polygraph (that means "lie detector") operator usually spends quite a bit of time—perhaps thirty or forty minutes—familiarizing you with the machine and informing you in advance of the questions he will be asking. He does this because he wants to make sure that any unusual "jump" in pulse rate, breathing rate or amount of sweating will indicate that you are lying, rather than be caused by your uneasiness at being in the testing situation.

Cooperate with the operator up to this point. Just as the examination is about to start, however, complain that he has taken far too much of your time and you do not intend to submit any longer. (NB: There is a good reason for quitting at this point. It *hurts* to go through the test because they tie a sphygmomanometer around your arm which cuts off the circulation.)

The next day, telephone the Army Intelligence agent (or whoever is handling your case) and say you're sorry you were rude, and you'll be glad to be retested. If they fall for this ruse, screw them up in the same way: go through the preliminary rigamarole and then find some

excuse for leaving just before the real test begins. *Don't be afraid*. They can't force you to go through with it (even if they legally could, the results would be meaningless) and they can't stop you from walking out the door.

Out of all this you can gain perhaps the small but precious satisfaction of knowing that the services of a trained, relatively high-paid operator have been wasted, and that you have incurred the wrath of two or three Army minions.

- 807 Invoke the 29th Amendment to the Constitution. If they say there isn't any 29th Amendment, retort: "I'm talking about the Soviet Constitution, you schmucks!"
- 808 Tell the other pre-inductees that you will infect them with leprosy for \$22.50 each—but only if they promise not to infect any others themselves, since that would diminish your potential market.
- 809 If at any stage you think your answers may tend to incriminate you or to jeopardize your position, *say nothing*.
- 810 Be a wife.
- 811 Be a good wife, for her worth is more precious than rubies.
- 812 Pick a fist fight with the guy next in line to you (your friend?), and then pick a fight with the guy who tries to separate you, and then pick a fight with—well, just go on picking fights, dig?
- 813 Be yourself.
- 814 Be scared. Necessity is the mother of invention.
- 815 Find out who is the most influential member of your draft board, and what company he works for or owns. Start a propaganda campaign against that company (direct mail, handbills, picketing, etc.), then telephone the man and promise to stop the harassment if he will get you declared 4-F.
- 816 Travel around the college campuses soliciting funds for Radio Hanoi.
- 817 Start a movement which advocates that New York City secede from the U.S. and merge with Puerto Rico.
- 818 Be a wandering minstrel and wander over the border.
- 819 Use your Army papers to blow your nose.

- 820 Tear off the ends (a good hunk) of your papers and chew them constantly while on the examination line.
- 821 If at all possible, do duty in the ladies' john.
- 822 Ask the doc if he wants a swig (you a little drunk) and hand him an open (after you've had a shot) bottle of your piss. Have a little dripping around for obvious effect. Make sure piss is at least one day old.
- 823 Go on the road.
- 824 Bring a sketch pad and draw each examining doctor, but draw him naked. As you leave to move on to the next doctor, "accidentally" drop the sketch on the floor. Exaggerate the size of the sexual organs or make them female.
- 825 Send a telegram to the draft board on the day of your scheduled appearance saying you would love to talk to them, but you're on a peace demonstration today and could they please give you another appointment, which you hope to keep unless there's another demonstration that day.
- 826 Bring a "Tillie the Toiler" book with you and jerk off in the corner.
- 827 Pray to Lee Harvey Oswald to intercede on your behalf. Carry one of his relics on your person (for example, a few hairs or nail clippings housed in a silver casket).
- 828 Bring a portable tape recorder and play "Universal Soldier" wherever you go. If they take it away from you put up a fight and start singing it yourself and refuse to stop. Keep singing, keep singing, keep singing.
- 829 If you can't join 'em, beat 'em.
- 830 If you can't join 'em, lick 'em.
- 831 When you are called down for induction, repeat over and over again: "John F. Kennedy is the Living God. John F. Kennedy is the Living God." Then recite some of the awful verses of similar sentiment made up by poetasters and by hucksters who sell wall placards. Be sure to mention "John-John" with a nauseating simper in your voice. After a few minutes you will probably be so obnoxious that they will classify you anything you want just to get rid of you.
- 832 Enroll at the School for Marxist Studies.

- 833 Enroll at Moscow University.
- 834 Just keep on doing what you're doing.
- 835 As soon as you walk in, read a general anti-war statement of your own composition at the top of your own voice.
- 836 Refuse to be drafted.
- 837 Declare peace.
- 838 Fail the IQ test (lie about your schooling).
- 839 Tell the truth about all the army people you meet, i.e., call them murderers, hypocrites, stoolies, finks, idiots, jailers, moral lepers, etc.
- 840 Tell the truth about the wars of the U.S., i.e., make a speech explaining the true character of America's involvement in Viet Nam.
- 841 Burn LBJ in effigy.
- 842 Offer the psychiatrist a pinch of snuff, which you keep in an aspirin tin. When he refuses, take a pinch yourself—the snuff being shit, of course.
- 843 Fill out your draft questionnaire with ink made out of shit.
- 844 Fill out your draft questionnaire in manic, absolutely illegible handwriting. If it is returned with a request to write more legibly, fill it out the same way but write larger.
- 845 Secede from the U.S. Set up your own country and demand to be treated as a prisoner of war under the Geneva agreements.
- 846 Be born at home unattended by a physician and do not go to school or apply for social security or pay income tax. You thereby do not exist.
- 847 Keep asking each official how much you get paid if you kill a gook. Say you like the job but you want to be paid by the piece because it encourages individual initiative and it's the American way.
- 848 Smear chocolate ice cream (or shit) all over your body. When asked why you did it, answer: "That my business."
- 849 Bring your dog with you on a leash and insist you won't go without him. Keep hollering: "Well who's gonna take care of him? Will *you* take care of him? You want me to *kill* him—just on account of your fucken war?"

- 850 ...!
- (This one is too awful to mention.)
- 851 Admit you're a coward.
- 852 Drink yourself to death.
- 853 Tell them that Hitler is alive at U.S. Army headquarters in Saigon.
- 854 Ask them: "It's a free country, ain't it?" When they say well, yes, answer: "OK, I'm getting out of here and don't try to stop me."
- 855 Bring an expertly-crafted rubber phallus. As you are standing on line, make a great show of unwrapping it and thrusting it deep into your mouth. Move it in and out with great slurping noises. If you are naked, insert it intercrurally with a grand flourish (if you have been pedicated before, use your rectum). When questioned, reply: "If I can't get screwed by a soldier boy I have to use my pacifier."
- 856 Tattoo FUCK COMMUNISM on your chest in letters 1 foot high.
- 857 Tattoo FUCK CAPITALISM (in Russian) in letters 1 foot high.

- 860 Tattoo an American general and a WAC doing 69 on your chest (1 foot high).
- 861 Tattoo an American general and a Chinese People's Republic woman lieutenant doing 69 on your chest (as close to life-size as possible.)

- 863 Tattoo WELCOME MEMBERS OF ALLIED FORCES in a circle around your asshole.
- 864 Come in eating a pig's head.
- 865 Come in eating a dog's head.
- 866 Come in eating a human's head.
- 867 Come in eating a godhead.

- 868 Take \$10 worth of small change and insert it in your rectum. When the asshole-inspection comes around, expel the money and whisper to the doctor: "There's this and more in it for you if you get me out of here."
- 869 A year before you are scheduled to be called down, go to Bellevue and tell them you're afraid you're going to kill yourself. Spend a few weeks in the nuthouse and then say you feel fine. You'll probably get discharged. (If you're afraid they'll hold you there against your will, make sure beforehand that you know the sign-out psychiatrists personally.) At pre-induction, claim that you have suicidal tendencies, mentioning your nuthouse sojourn as evidence.
- 870 Tell them you'll go only if you can stick to a strict macrobiotic diet.
- 871 Keep hollering: "I want my mama!"
- 872 Keep hollering: "I want my girlfriend!" and weep.
- 873 Keep hollering: "I want my boyfriend!" and moan.
- 874 Come in on a dolly, your legs folded under you, cap in hand. Push yourself around and beg with this sign around your neck: **WOUNDED FOR MY COUNTRY.**
- 875 When you present your papers make sure they are covered with half-dried menstrual fluid.
- 876 Try to enlist in the WACS.
- 877 Try to enlist in the WAVES.
- 878 Try to enlist in the lady Marines.

- 884 Hide in a toilet for fifteen years.
- 885 Hide in a toilet for 17½ years.
- 886 Hide in a toilet for 25 years. (Do not hide in a toilet for more than 25 years as the toilet will get dirty after so long.)
- 887 Become a civil rights victim in Mississippi.
- 888 Say you never voted for it.

- 889 Rip up every letter the draft board sends you.
- 890 Or, stamp the letter from the draft board (rubber stamps are cheap to make) DECEASED and then mail it back to them.
- 891 Or, stamp the letter MOVED—LEFT NO FORWARDING ADDRESS and mail it back to them.
- 892 Or, stamp the letter NOT KNOWN AT THIS ADDRESS and mail it back to them.
- 893 Or, stamp the letter SEX CHANGE and mail it back to them.
- 894 Consider the birds of the air and the lilies of the field: they do not sow, nor do they reap, and yet they are not drafted.
- 895 Become a horse.
- 896 Become a pair of ragged claws scuttling across the floors of silent seas.
- 897 Be a moron.
- 898 Be an idiot.
- 899 Be an imbecile, or
- 900 Be a Marine reservist.
- 901 Shut the windows and put up armor plate, leaving room for rifles to project.
- 902 Go to Soviet Russia as an exchange student. In your private discussions, defend the Bill of Rights and attack the Soviet one-party system. Be so outspoken that a stool pigeon informs to the authorities and you are arrested and tried and sentenced to a labor camp for two years.
- The case will raise such a furor in the U.S. that your sentence will possibly be commuted after a few months. When you return you will be lionized and the local draft board will feel that you have already suffered enough and will not bother you.
- Also, you will earn tens of thousands of dollars by selling your memoirs to the *Saturday Evening Post*.
- 903 Have six legs.
- 904 Have an extraordinarily long *membrum virile* (over 1 foot in length) which, if you were drafted, would make you the envy of the barracks and distract your fellow infantrymen so much that they would be too confused to fight. (Despite the strictures of my [TK] hygiene in-

structor at Brooklyn College [who used to put a bean in the jar “every time my wife and I did it, but then we ran out of beans”] that “the penis is not a muscle and does not need exercise,” it would seem unjust and unphilosophical that every organ of the body should develop with use except the penis.)

A cock to the wise is sufficient.

- 905 Don't be processed.
906 Say you'd rather dodge the draft than dodge bullets.
907 Say: “Why? I might get killed!”
908 Walk up to the head of your draft board, look him in the eye, grab him by the lapels, lift him up a little and whisper hoarsely: “Man, don't bug me!”

918 Put on tennis sneakers and a dirty skirt. Stand in Times Square giving out leaflets which assert that Robert McNamara is a Polish Jew and the leader of the Communist conspiracy.
919 Say: “I ain't marching any more.”
920 Join the gypsies.
921 Find a million dollars in a toilet bowl (you the only one who dares to fish it out) and then bribe the draft board.
922 Join the CCC.
923 Join the FBI and investigate draft-dodgers.
924 Join the Gestapo.
925 Become a member of the Werewolves.
926 Live in a lake.

- 961 When they ask for your occupation, reply proudly: "I'm a union organizer—and a crackerjack one too. I have great plans for the infantry. They're downtrodden and underpaid and they have no organization to speak up for them. But I'll change that, don't you worry."
- 962 Rent a room in the Texas Book Depository.

- 965 As preceding, but instead of using the innards of already-published books, write a spurious one of your own which purports to be Dean Rusk's secret diary. Make it really hot—include many references to incest and coprophagia. Advertise it in the *Sunday Times Book Review*.
- 966 Speak up for Jesus. When they start lecturing you about becoming a soldier, say: "Oh Jesus, Jesus, Jesus, Jesus, Jesus!"
- 967 Convince them that if you point your finger at any person and say *zotz*, he will drop dead. Tell them that you will be doing a lot of pointing and zotzing very soon unless they declare you 4-F.
- 968 Recite the *Druid's Curse* in a melancholy tone:
- May the bleeding piles assail you

May crabs the size of lobsters

And when you're old and withered
And a syphilitic wreck,
May you fall down your own asshole
And break your fucking neck.

- 989 Tell them if they don't declare you 4-F your friends will stage a sitdown strike in the induction center.

Defends Reclassification

In the face of many sharply worded questions, he stoutly defended the action of a draft board at Ann Arbor, Mich., in reclassifying college youths who held a sit-in in the board's offices from student status to class 1-A.

"They didn't refuse the original deferment," General Hershey said. "You don't come around for the meal and leave before you wash the dishes."

SELECTIVE SERVICE SYSTEM
ORDER TO REPORT FOR INDUCTION

Bill for Peace
(LOCAL BOARD DATE BEGINS WITH ONE)

September 8, 1966

(Date of mailing)

The President of the United States,

To Lyndon Baines Johnson
(First name) (Middle name) (Last name) (Selective Service Number)

Pedernales River
(Street and number)

Johnson City, Texas
(City)

78636
(Post)

GREETING:

Having submitted yourself to a Local Board composed of your neighbors for the purpose of determining your availability for service in the armed forces of the United States, you are hereby ordered to

report to the Local Board named above at

Johnson City, Texas
(Place of reporting)

at 7:00 a.m., on the TENTH day of SEPTEMBER, 1966, for forwarding to an induction station.

This Local Board will furnish transportation to the induction station where you will be examined, and, if accepted for service, you will then be inducted into a branch of the armed forces.

Persons reporting to the induction station in some instances are found to have developed disqualifying defects since being examined and may be rejected for those or other reasons. It is well to keep this in mind in arranging your affairs, to prevent any undue hardship if you are rejected at the induction station. If you are employed, you should advise your employer of this notice and of the possibility that you may not be accepted at the induction station. Your employer can then be prepared to replace you if you are accepted, or to continue your employment if you are rejected.

If you are not accepted, return transportation will be provided.

Willful failure to report promptly to this Local Board at the place specified above and at the hour and on the day named in this notice is a violation of the Selective Service Act of 1948, and subjects the violator to fine and imprisonment.

You must keep this form and bring it with you when you report to the Local Board. Bring with you sufficient clothing for 2 days.

If you are so far removed from your own Local Board that reporting in compliance with this Order will be a serious hardship and you desire to report to a Local Board in the area of which you are now located, go immediately to that Local Board and make written request for transfer of your delivery for induction, taking this Order with you.

Member, Local Board
