Mr.Mckeon,You came out of your warm home one night to meet me. You never knew or met me before. I was at the lowest point in my life when I read an article about what happened at Parris Island. I am not a religious man but someone intervned in my plans that night and brought us together. In short, you told me to " pick myself up by my bootstraps and square myself away, you are a Marine". You literally saved my life and I have taken way too long to thank you for this. Sergeant, I have squared myself away thanks to you. I will always be thankful and will remember you for what you did for me. I hope you find peace in heaven, you served your time in hell and you served your country proudly. [Read less](#)
