Dear Mr. Gray:

Under the provisions of the U.S. Freedom of Information Act, 5 U.S.C 552, I am requesting information on James Joseph Bulger, Jr.: Air Force service number: 118-29-66 or 111-82-966; date of birth: September 3, 1929; approximate dates of service: 1948-1951:

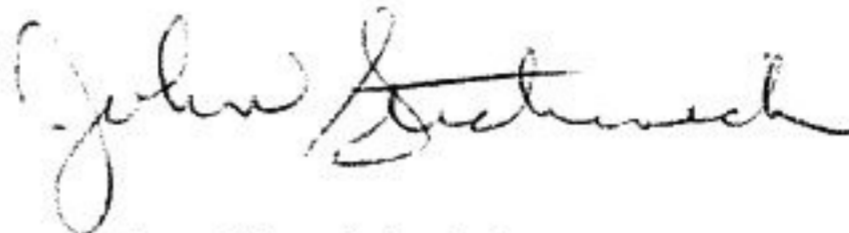

- His exact dates of service
- His marital status
- A listing of his dependents, including name, sex and age
- The dates of any changes in his rank or grade
- His duty assignments, including geographical locations
- His military and civilian education levels
- A listings of decorations or awards he received
- His current duty status
- Records of courts-martial, if extant and unclassified

As you know, the Act permits you to reduce or waive any fees associated with fulfilling my request--searching, copying, mailing, and so on--if the information is considered as "primarily benefiting the public." I believe my request certainly fits that category, and I therefore request that you waive any fees. If you deem it necessary to charge me, however, please send me the records and an invoice, and I will pay it immediately.

If you deny all or any part of my request, please cite the specific exemption(s) that you think justifies your refusal to release the information and inform me of your agency's

administrative appeal procedures available to me under the law. I would appreciate your handling this request as quickly as possible, and I look forward to hearing from you within 10 working days, as the law stipulates. Thank you very much for you time and consideration.

Sincerely,

SWORN STATEMENT

I, Lawrence M. Kilpatrick, prior to making the statement contained in the following paragraphs, have had explained to me the 31st Article of UCMJ by JOHN W. BALLEW, who had identified himself to me as Squadron Adjutant. I understand that I cannot be compelled to incriminate myself or to answer any question, the answer to which may tend to incriminate me, or to answer any question not material to the issue where such answer might tend to degrade me. With such understanding, I make the following statement of my own free will and accord, under no threat, or fear of punishment, and without inducement or promise of immunity or reward, with full knowledge that whatever I say may be used against me. I have read this statement which consists of 1 (one) page(s). I have signed this statement and initialed the preceding pages and all corrections. This statement is the truth, to the best of my knowledge and belief, and I have given it freely and voluntarily.

To Whom it may concern:

Airman 2nd Class James Bulger was assigned to Ground equipment Section, of which I am NCOIC, around four and one half months ago.

A/2C Bulger's attitude toward his job and fellow workers is such that it is bad on morale. His sarcastic remarks and attitude has made it very unpleasant to supervise him on several occasions.

On one recent occasion CWO Hart asked him, in my presence, "Is this your normal habit that you use to get your job done?" A/2C Bulger answers "Yes" Mr. Hart says I don't think you are worthy of your two stripes, at which A/2C Bulger answers, "Just me to a Pvt. if you want to, I don't care, I only have four months to go to get out of the service."

On another occasion A/2C Bulger made the remark to me that he had spent more pleasant times in jail than in the service.

It is my belief that the Air Force would be better off if A/2C Bulger was discharged from the service.

SWORN STATEMENT

I, CWO Harmon G. Hart, Prior to making the statement contained in the following paragraphs, have had explained to me the 31st Article of UCMJ by Major John N. Barley, who has identified himself to me as Squadron Adjutant. I understand that I cannot be compelled to incriminate myself or to answer any question, the answer to which may tend to incriminate me, or to answer any question not material to the issue where such answer might tend to degrade me. With such understanding, I make the following statement of my own free will and accord, under no threat, or fear of punishment, and without inducement or promise of immunity or reward, with full knowledge that whatever I say may be used against me. I have read this statement which consists of 2 ^{NSH} page(s). I have signed this statement and initialed the preceding pages and all corrections. This statement is the truth, to the best of my knowledge and belief, and I have given it freely and voluntarily.

On 1 June I was informed by Staff Sergeant Randall La Valle, AF 18 015 620 of Specialists Shops that Airman Second Class James Bulger, AF 11 182 966, had not been present for duty on 31 May 1952, nor had he shown up yet for duty. A check was made with the Squadron and I found he was on K. P., on 1 June. I sent word to him that as soon as he reported back to duty to report to me. Within an hour he came to the flight line and reported. When asked why he had not reported to duty after pay call on 31 May, he replied that he felt his work was caught up and that since it was Saturday afternoon he felt he didn't need to report.

I informed him in no uncertain terms that I expected a full 6 day week of work from every man and that there was plenty of work undone.

Until either Master Sergeant Lawrence W. Kilpatrick, AF 6 216 260, or myself informed him otherwise he would be present except for Squadron details or his regular scheduled day off. Since I had been told of previous similar instances, I informed Captain Thomas L. Chambers, 14256A, of the incident and action I had taken.

On Saturday, 7 June, I observed Airman Bulger being told by Master Sergeant George H. Delfenthal, AF 14 002 918, to aid in carrying and installing flaps on Aircraft 974. He carried out instructions to the extent of aiding with the left one, ^{NSH} the other men began helping with the right one, ^{NSH} Airman Bulger ^{NSH} wandered aside and was standing idly by until ordered by myself to get over and help.

On 9 June, I observed Airman Bulger attending to a duty he had been given by Master Sergeant Kilpatrick. This duty was being performed in as slow and careless manner as seemed humanly possible. I spoke to Master Sergeant Kilpatrick about it and he stated he had noted the action and would take steps to keep Airman Bulger active. About 1300 hours, of the same day Airman Bulger was told to take an oxygen cart to storage area and

have bottles replaced. His actions were the same as previously noted. I called the man into the office and asked if what I had just observed was his normal gait and manner of work. I received a very surly ^{yes} ~~yes~~ in reply. I informed him that if his manner of performance of duty did not immediately improve to that desired of an Airman Second Class, I would take steps to have him demoted. His reply was "If thats what you want, go ahead". He then proceeded to inform me that demotion, guardhouse nor fine bothered him; that he had only four months to serve and he could get along for that short time. These statements and like belligerent displays of attitude were made in the presence of myself and Master Sergeant Kilpatrick. Since it was evident that talking to airman Bulger would be ineffective I took him to Captain Chambers to discuss further required action. I was present in the Aircraft Maintenance Office during his talk to Captain Chambers. Later this day I attempted to talk to Airman Bulger about the seriousness of continued actions. He informed me that he was going to the orderly room to ask ^{for} ~~for~~ a demotion to Private so that he could only be expected to a ^{do} ~~do~~ private's work. ^{HSH}

On 10 June, Master Sergeant Kilpatrick had given Airman Bulger a list of duties to be performed. Late in the morning I walked into the Ground Equipment Shop and observed Airman Bulger apparently asleep. He did not move nor indicate awareness of my presence until I tapped him on the knee. He denied being asleep but did not move from his reclining position while I talked to him. After receiving more of his insolent replies, I proceeded to Squadron Headquarters and requested of the Squadron Commanding Officer, that action be taken to discipline the man.

SWORN STATEMENT

I, Captain Thomas L. Chambers, prior to making the statement contained in the following paragraphs, have had explained to me the 31st Article of UCMJ by Major John N. Barley, who has identified himself to me as Squadron Adjutant. I understand that I cannot be compelled to incriminate myself or to answer any question, the answer to which may tend to incriminate me, or to answer any question not material to the issue where such answer might tend to degrade me. With such understanding, I make the following statement of my own free will and accord, under no threat, or fear of punishment, and without inducement or promise of immunity or reward, with full knowledge that whatever I say may be used against me. I have read this statement which consists of 2 page(s). I have signed this statement and initialed the preceding pages and all corrections. This statement is the truth, to the best of my knowledge and belief, and I have given it freely and voluntarily.

On 1 June 1952, CWO Hart talked to me about Airman Second Class James Bulger, AF 11 182 966. He stated that the man had a belligerent attitude and was performing his duties in an unsatisfactory manner. I requested that Mr Hart have a talk with Airman Bulger and to report any further trouble to me.

On June 9, Mr Hart brought Airman Bulger into my office and stated that he had put up with just about as much of Airman Bulger's incompetence as he could stand. When asked to be more explicit he stated that Airman Bulger would only do things when told and then with movements that only feigned work.

In querying Airman Bulger he stated that there wasn't anyone that could get any more work out of him, if he didn't desire. He also said, "that ~~had~~ had been hooked ever since I am in the service and that anything that could be done to hasten my discharge will make me happy." In answering the question of "Do you know what you are going to do when you leave the service and aren't you interested in a good record upon discharge" He stated "I know where I am going and the people that I will be with will not be interested in ~~just~~ records. He said that he also knew that he had been given his last promotion just to give some one something to hold over his head. When asked if Mr Hart or myself had given him any cause to feel that way he replied "no", but I have heard rumors to that effect from three or four persons in the latrine. When asked about the "snail pace" walk that I had observed him use crossing the ramp several days before he stated that he was "to tired to move any faster."

Several minutes later he, for some reason or other, started talking about the fact that he was capable of fighting and beating anybody in the Squadron. I asked him if he thought that was so much of an accomplishment, the reply was "yes". I then told him he would do well to use some of his fighting energy to help eliminate his "steppin Flechet" ~~just~~ of both walking and working while on duty.
