NUMBERING OF COURSES

In general, courses numbered from 10 to 19 are first-year subjects. Second-year or intermediate courses are numbered from 20 to 29. Subjects taken in the Junior and Senior years, particularly those in a student's major, are customarily numbered from 30 to 99. Graduate School courses are numbered 100 and above.

MARKING SYSTEM

The Yale College Faculty voted on November 30, 1967, that as of January 1968 the term grades for all undergraduates are to be designated

H—Honors  
HP—High Pass  
P—Pass  
F—Fail.

These grades have no numerical, letter, or grade-point equivalents.

Numerical Grades (prior to 1968)

Under this system grades were reported in units of one between 60 and 100 (with 60 being the minimum for passing). After July 1, 1963, a student's percentile standing was not recorded unless he specifically so requested. A survey of the grades for several years preceding, however, indicates that a student's average for a given term would rank him approximately as given below:

TERM AVERAGES

Numerical Range	Class Standing
85 and above	Top Quarter
81-84	Second Quarter
76-80	Third Quarter
73 and below	Fourth Quarter
60	Minimum passing grade

**HONORS:** Under the numerical system, if a student had no deficiencies on his record and if he ranked in the top ten per cent of his class at a given marking period he was designated a *Ranking Scholar*. Also, the man having no deficiencies and ranking in the top quarter of his class at a marking period was placed on the *Dian's Honor List*.

GRADUATION REQUIREMENTS

The Standard Major requires for graduation that 40 term courses be completed with grades of Pass or higher. If a student receives Advanced Standing (i.e., College Credits) for Advanced Placement work taken in secondary school, he may, with permission, use these credits to reduce the number of subjects required for his Yale degree.

The Intensive (or Honors) Major may be allowed to reduce his Junior and Senior year programs to four courses per term. In such instances, 36 courses completed with grades of Pass or higher satisfy the requirements for the degree. As in the case of the Standard Major, a student entering with Advanced Placement work may be permitted to reduce his Yale program accordingly.

With the above noted exceptions, a student's program normally consists of five subjects per term. Most courses meet three times a week for fifty minute periods and are equivalent to three semester hours. Laboratory sessions in which a separate grade is given may be exceptions, and, in such instances, do not usually count as a portion of the customary five-course program.

Starting with the class of 1968, the semester hours of credit for each subject are recorded in the column to the right of the term grades.

DIVISIONAL MAJORS—TITLES

Division I—History, the Arts, and Letters.  
Division II—Political Science and Economics.  
Division III—Culture and Behavior.  
Division IV—Special—usually combining studies in two fields.

SCIENCE COURSES—TITLES

Science I—Chemistry and Physics.  
Science II—Geology—Astronomy, Meteorology and Oceanography.

# ARMED FORCES SECURITY QUESTIONNAIRE

## I.—EXPLANATION

1 The interests of National Security require that all persons being considered for membership or retention in the Armed Forces be reliable, trustworthy, of good character, and of complete and unswerving loyalty to the United States. Accordingly, it is necessary for you to furnish information concerning your security qualifications. The answers which you give will be used in determining whether you are eligible for membership in the Armed Forces, in selection of your duty assignment, and for such other action as may be appropriate.

2 You are advised that in accordance with the Fifth Amendment of the Constitution of the United States you cannot be

compelled to furnish any statements which you may reasonably believe may lead to your prosecution for a crime. This is the only reason for which you may avail yourself of the privilege afforded by the Fifth Amendment in refusing to answer questions under Part IV below. Claiming the Fifth Amendment will not by itself constitute sufficient grounds to exempt you from military service for reasons of security. You are not required to answer any questions in this questionnaire, the answer to which might be incriminating. If you do claim the privilege granted by the Fifth Amendment in refusing to answer any question, you should make a statement to that effect after the question involved.

## II.—ORGANIZATIONS OF SECURITY SIGNIFICANCE

1 There is set forth below a list of names of organizations, groups, and movements reported by the Attorney General of the United States as having significance in connection with the National Security. Please examine the list carefully, and note those organizations, and organizations of similar names, with which you are familiar. Then answer the questions set forth in Part IV below.

2 Your statement concerning membership or other association with one or more of the organizations named may not, of itself, cause you to be ineligible for acceptance or retention in the

Armed Forces. Your age at the time of such association, circumstances prompting it, and the extent and frequency of involvement, are all highly pertinent, and will be fully weighed. Set forth all such factors under "Remarks" below, and continue on separate attached sheets of paper if necessary.

3 If there is any doubt in your mind as to whether your name has been linked with one of the organizations named, or as to whether a particular association is worth mentioning, make a full explanation under "Remarks."

Organizations designated by the Attorney General, pursuant to Executive Order 10450, are listed below.

VII. COMMENTS FACTS AND SPECIFIC ACHIEVEMENTS: Lt Bush is an exceptionally fine young officer and pilot. After completing the F102 all weather interceptor school in November 1969, he came to this unit as a highly qualified fighter interceptor pilot. Lt Bush possesses sound judgment and is mature beyond his age and experience level. During the last weapons firing deployment, he delivered both primary and secondary weapons from the F102. Lt Bush performed in an outstanding manner, following the best project requirements set forth. He also participated in a practice element deployment during annual field training. He was easily able to handle intercepts with varying geometries and tactics selections. He continually flies intercept missions with the unit to increase his proficiency even further. Lt Bush is a natural leader but he is also a good follower of military discipline. Lt Bush has outstanding growth potential and should be promoted well ahead of his contemporaries. STRENGTHS: Lt Bush's main strengths are his eagerness to participate in the unit's activities and his ability to work harmoniously with others. SUGGESTED ASSIGNMENTS: At the present time Lt Bush should continue to serve as a squadron pilot. This will enable him to gain valuable knowledge of the Air National Guard's role in the defense of this country and experience as a pilot. SELF IMPROVEMENT EFFORTS: Lt Bush makes an effort to learn more about the all weather interceptor's mission and capability by attending squadron briefings and studying available material in his spare time. OTHER COMMENTS: Lt Bush is employed by Stafford of Texas. He is on the managerial staff of this diversified company and tells the story of the Air National Guard and the USAF to the public at every opportunity. Since completing pilot training in November 1969 and F102 all weather interceptor school in June 1970, he has made a concentrated effort to improve his proficiency as a pilot. He is a member of the National Guard Association of the United States and Texas.

**VII. COMMENTS FACTS AND SPECIFIC ACHIEVEMENTS:** Lt Bush is an exceptional fighter interceptor pilot and officer. He eagerly participates in scheduled unit activities. During the past year he participated in several target force deployments and an F-102 aircraft classroom deployment to Canada. His conduct and professional approach to the mission were certainly exemplary and apparent to observers. His skills as an interceptor pilot enabled him to complete all his ADC intercept missions during the Canadian deployment with ease. **STRENGTHS:** Lt Bush's major strength is his ability to work with others. He makes a welcome addition to any group or team effort. **SUGGESTED ASSIGNMENTS:** Lt Bush should be retained in his present assignment. He has gained valuable experience in the operations area and would be a welcome addition to any fighter squadron. **SELF IMPROVEMENT REPORTS:** Lt Bush is presently enrolled in the Squadron Officer's School by correspondence and progressing satisfactorily. He also participates in unit ground schools and briefings to stay abreast of the F-102 weapons employment and the ADC mission. **OTHER COMMENTS:** Lt Bush is very active in civic affairs in the community and manifests a deep interest in the operation of our government. He has recently accepted the position as campaign manager for a candidate for United States Senate. He is a good representative of the military and Air National Guard in the business world. His abilities and anticipated future assignments make him a valuable asset. He is a member of the National Guard Association of the United States and Texas.
