Dear Mr and Mrs Odeman

23 Feb 68

I just thought that I'd drop youns a line . My sister says that your son is up north of me and is doing verry well .I hope that your family is doing well also.Its getting a bitnoisey right now . I'm in the city of Hue . the viet cong still have part of the city and it isant verry easy getting it back because they sort of want

to fight for what they still have .

Your son is quite a person! I'm glad that I have him for a friend. Oh well I suppose that I should sign off for now.

tTake care and god bless you all

Sinsereely Yours
